4.8 Compliance with GDPR

The EU General Data Protection Regulation 2016/679 (**GDPR**) applies from 25th May 2018.

As you know, the GDPR applies to controllers (including Local Authorities and thus Local Enterprise Offices) and processors (including third parties providing services to us, to the extent that such third parties process personal data as part of such services).

The LEO Louth provides a range of financial and other supports to its client companies (“Clients”) and to certain other persons.

The GDPR requires, among other things, that contracts between controllers and their processors stipulate certain terms. To the extent that we act as a controller and you act as a processor, and the provision of your services requires you to process personal data relating to our Clients’ employees or officers and/or relating to our employees or officers and/or relating to other persons, at our request or under our instructions, our data processing arrangement should stipulate such terms.

This section details the relevant contractual terms required of processors by Article 28 of the GDPR.

In this section, the terms "personal data", " processor", " controller", "data subject", supervisory authority", "personal data breach" and "processing" have the meaning given to those terms in the GDPR. "Sub-processors" means other processors that are used by you to process personal data.

The subject-matter and duration of the processing, the nature and purpose of the processing, the type of personal data, the categories of data subjects and our obligations and rights as data controller are as provided in our existing agreements and/or further to written or oral instructions that you receive from us.

In processing personal data that we provide to you, you warrant and represent that you are, and shall be for so long as you process any such data, fully compliant with the GDPR and any national implementing legislation (“Data Protection Law”) and you agree:

- To only process the personal data on our documented instructions, unless you are required to do so by EU or Irish law. You shall inform us of that legal obligation before processing, unless that law prohibits such information on important grounds of public interest.
- Not to transfer the personal data to a recipient outside the EEA, without our prior written consent, unless the transfer is subject to the terms of a contract incorporating the standard contractual clauses in the form adopted by the European Commission; the recipient is in a country the subject of an adequacy decision by the European Commission; or the transfer is to the US to an entity that is a certified member of the EU-US Privacy Shield scheme.
- To impose a duty of confidentiality on any staff and subcontractors, where applicable, with access to the personal data.
- To implement technical and organisational security measures appropriate to the risks of processing the personal data, including pseudonymisation and encryption of personal data; the ability to ensure the ongoing confidentiality, integrity, availability and resilience of processing systems and services; the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident, and a process for regularly testing, assessing and evaluating the effectiveness of security measures.
- Not to engage another processor without our prior specific or general written authorisation. In the case of general written authorisation, you shall inform us of any intended changes concerning the addition or replacement of other processors, thereby giving us the opportunity to object to such changes.
- To require any sub-processor that you engage to process the personal data on our behalf, to adhere to the same obligations that you undertake in this letter, to ensure such processing meets the requirements of the Data Protection Law, and you will remain fully liable for any breach by a sub-processor of its obligations in relation to the processing of the personal data.
- Insofar as possible, and taking into account the nature of the processing, assist us by appropriate technical and organisational measures to fulfill our obligation to respond to individuals' requests to exercise their rights to transparent information, access, rectification, erasure, restriction of processing, objection and portability under Data Protection Law.
- Taking into account the nature of the processing and the information available to you, assist us in ensuring compliance with our obligations under Data Protection Law in regard to data security; data breach notification to the supervisory authority and to individuals; carrying out Data Protection Impact Assessments and related consultations with supervisory authorities.
- At our request, delete or return all the personal data to us after the end of the provision of your services, and delete existing copies unless EU or Member State law requires storage of that personal data.

- Make available to us all information necessary to demonstrate compliance with the obligations laid down in Article 28 of the GDPR, and allow for and contribute to audits, including inspections, conducted by us or another auditor mandated by us.
- Immediately inform us if, in your opinion, an instruction of ours infringes the GDPR or other EU or Irish data protection provisions.

The terms 'registerable interest' and 'relative' shall be interpreted as per Section 2 of the Ethics in Public Office Act, 1995 and the Ethics in Public Office Act 2001.
