ACORNS

Early stage female entrepreneurs, living in rural Ireland, are invited to apply for a place on the ACORNS programme, now in its tenth year.

The intention is to provide up to 50 entrepreneurs with the knowledge, support and networking opportunities to meet and even exceed their current aspirations.

The programme will run from October 2024 to April 2025. Selected participants will be those who, on a competitive basis, best demonstrate their potential to advance their businesses and their commitment to fully engage in the initiative.

If you would like to find out more about the initiative or have any questions about ACORNS, please feel free to contact us at info@acorns.ie or phone the office at 01 8450770.

This innovative programme is funded through the **Rural Innovation and Development Fund** by the **Department of Agriculture, Food and the Marine (DAFM)**. Thanks to this funding, there will be no charge for those selected to participate in ACORNS and their accommodation costs, associated with any residential elements of the initiative, will be covered.

WHO QUALIFIES FOR THE PROGRAMME?

ACORNS is designed for nascent female rural entrepreneurs. To qualify for consideration, a woman (i) must have recently set up a new business which she owns or part owns, and which has generated sales no earlier than end June 2021 or (ii) must be at an advanced stage of planning a new venture and have a clear idea of what she wants to achieve. If she is not already trading, activities such as organising the start-up team, looking for equipment/facilities, saving money for the start-up, or writing a business plan would all be considered as active commitments to starting a business.

She must also be living in a rural area. These are all areas of the country outside the administrative city boundaries of Dublin, Cork, Galway, Limerick and Waterford.

There is no restriction on the sector in which the new business is focused. Favourable consideration will be given to those who expect to grow their business and to employ others over the next three years.

If selected, applicants must be available to attend the launch and first round table session on 21st and 22nd October 2024 in Mullingar Park Hotel, Co. Westmeath. Costs associated with the launch forum will be covered.

HOW TO APPLY

Please register your interest on the website www.acorns.ie in the first instance and you will be sent an application link by email.

If you would like a printed application form sent to you, or if you have any difficulties in registering online, please contact us by phone on 01-8450770.

Closing date for receipt of completed applications is the 20th September 2024. No applications received after this date can be considered.

SELECTION PROCESS

As was the case previously, it is expected that there will be many more applicants than there are places available. Accordingly, it will be a competitive selection process. The ACORNS Lead Entrepreneurs will be central to the selection of successful candidates. They will be seeking those who are prepared to fully engage with the programme; demonstrate a determination to advance their fledging businesses; are prepared to work hard in pursuit of their entrepreneurial goals; and expect to become employers.

There are up to 50 places available for suitable candidates. The ACORNS Lead Entrepreneurs will meet in early October to assess the applications received and successful candidates will be notified shortly after.

WHAT TIME COMMITMENT IS INVOLVED?

The launch event and first round table session will take place on **21st and 22nd October 2024**. At this first session, the participants will meet their round table group and their ACORNS Lead Entrepreneurs for the first time. Attendance at this event is obligatory for selected participants.

Participants will subsequently meet with their ACORNS Lead Entrepreneur and their group of eight peers in separate locations on four occasions between November and March. These sessions will last for about three hours and will explore the themes of Strategy, Marketing/Sales, Finance, Sustainability and Implementation. These sessions will be held in person at a location close to the assigned ACORNS Lead Entrepreneur. Some travel may be involved on the part of the participants. Only in exceptional circumstances will they be held remotely by Zoom.

There will be a residential development forum in **April 2025**. The theme of this Forum will be *SMART Planning - The Roadmap Ahead*.

Selected candidates are expected to attend all round table sessions.

WHAT'S THE APPROACH?

Based on a belief that entrepreneurs learn best from each other, the ACORNS initiative is focused on interactive round table sessions that are facilitated, not by consultants, academics or professional trainers, but by female entrepreneurs who have started and successfully grown businesses in rural Ireland.

Those who will facilitate the interactive round table meetings have the practical knowledge that comes from first-hand experience of owning and managing a successful business in rural Ireland. They believe in the philosophy of *entrepreneurs supporting entrepreneurs* and are giving their time to assist others on a voluntary basis. They are known as ACORNS Lead Entrepreneurs.

Working with a group of about eight participants each, the Lead Entrepreneurs will facilitate round table meetings, addressing enterprise challenges and supporting participants to consider how best to start, develop and position their businesses for sustainability and growth.

LEAD ENTREPRENEURS

The voluntary Lead Entrepreneurs are the backbone of the ACORNS programme. They are not, and cannot be, experts in every area of business but they have faced the challenges of starting and growing a business. All are past participants of the Going for Growth programme and have first-hand experience of the round table peer learning approach and of its benefits. All are entrepreneurs with businesses based in rural Ireland.

PREVIOUS PARTICIPANTS

ACORNS is now in its 10th year. Over 450 female entrepreneurs have successfully completed a cycle of ACORNS to date and progress made by previous participants demonstrates encouraging outcomes.

There is a clear desire on the part of those who previously completed an ACORNS cycle to stay connected with the initiative. To facilitate this expressed wish, an ACORNS Community has been formed, thanks to the funding being provided through the Rural Innovation and Development Fund by the Department of Agriculture, Food and the Marine.

There are a range of supports available to members of the ACORNS Community:

- Those who have just completed the most recent cycle are offered a Further Development phase with a review round table with their previous group and with their Lead Entrepreneur.
- All active members of the Community will be invited to a series of regional Gatherings to be held in the autumn. These are new and are being held to celebrate ten years of ACORNS. These will provide an opportunity to reconnect, to network with other ACORNS from their region that they may not have met previously, and to focus on the further development and growth of their businesses.
- An opportunity to attend a series of topic based workshops relevant to their development.
- For those trading, an opportunity is presented to have an individual participant profile professionally written and

formatted. When the Community member is happy with the profile, it is uploaded on the ACORNS website.

- Members of the Community are invited to become ambassadors for ACORNS and are included in PR opportunities, as these arise from time to time.
- All are invited to an Annual ACORNS Community Forum, which takes place in April.
- Associated with the Community Forum is a showcase. Members can apply to exhibit in the showcase.
- Those who wish to strongly drive growth in their business, can also apply to participate in ACORNS Plus, a growth-focused round table initiative. There is a competitive selection process for those who wish to participate.
- Members are encouraged to support and do business with each other. For example, in November, a gift guide is produced, in which those members with products and services, which are suitable as gifts, are highlighted, with links to their websites, and widely circulated.

Members of the ACORNS Community, are delighted to avail themselves of the supports offered and are excellent ambassadors of the benefits associated with continued participation and ongoing support.

ACORNS has provided me with access to a network of wonderful business women, who champion the sisterhood, encourage and support start-ups, share their experience and knowledge, and provide a safe, confidential space to express concerns and fears. This network of women has been a powerful tool in my inventory.

CAITRIONA CULLEN, *CULLEN NURSERIES*

ACORNS has made a huge difference to me as a businesswoman and to the growth of our business. It has given the network and support that is essential for growing a start-up business and getting to the next stages. The educational workshops and interactive roundtable sessions have helped me make structured action plans for the future. It has given me the skills to aim high with our goals and given me the belief that anything is possible. It is an experience I will be forever grateful for. To be surrounded by such inspiring businesswomen is an achievement in itself.

WHO WE ARE

FITZSIMONS CONSULTING

Fitzsimons Consulting specialises in areas related to entrepreneurship and growth. Paula Fitzsimons, founder and managing director of Fitzsimons Consulting, is a recognised expert on entrepreneurship. Paula was the national coordinator for GEM (Global Entrepreneurship Monitor) for Ireland from 2000 to 2022, is a former President of the consortium of GEM national teams, and a former member of the governing body of GERA, the governing body for the Global Entrepreneurship Research Association.

Recognising that fewer women than men start new businesses and, of those that start, fewer have significant growth ambitions than do men, Paula Fitzsimons designed and developed the Going for Growth initiative, which is focused on peer support as a means of assisting established women entrepreneurs who wish to grow their businesses (www.goingforgrowth.com). Going for Growth, which is funded by Enterprise Ireland and KPMG, has completed 16 cycles and has supported over 950 women entrepreneurs to achieve their growth ambitions. Going for Growth was awarded the European Enterprise Promotion Award 2015, Investing in Entrepreneurial Skills, and featured extensively in a book *Inclusive Business Creation – Good Practice Compendium*, published in May 2016 by the OECD and European Commission. Successful past participants of Going for Growth have become voluntary Lead Entrepreneurs on ACORNS.

ACORNS, an initiative for early stage female entrepreneurs, is funded by the Department of Agriculture, Food and the Marine. ACORNS was selected to represent Ireland in the European Enterprise Promotion Awards 2018, Investing in Entrepreneurial Skills, and was awarded runner up in this category. ACORNS also featured prominently in the Manifesto for an Innovative Europe, which was developed by the participants of the 2018 SME Assembly (www.acorns.ie).

Back for Business is another initiative developed and implemented by Fitzsimons Consulting to support early stage entrepreneurs among returned Irish emigrants. This programme is funded by the Department of Foreign Affairs and has now completed its seventh year (www.backforbusiness.com).

SPONSORS

ACORNS is funded through the **Rural Innovation and Development Fund** by the **Department of Agriculture, Food and the Marine**. Its objective is to encourage a stronger level of enterprise development in rural areas by seeking out and assisting start-up female entrepreneurs living in rural areas to start and develop their businesses.

Following a competitive tendering process, the ACORNS initiative, developed by Fitzsimons Consulting, was selected by the Department of Agriculture, Food and the Marine as most suitable to achieve the stated objectives. It is designed to unleash the potential of female entrepreneurs living in rural Ireland, who have recently started a business or who have taken concrete steps towards starting a business. The objective is to equip these early stage entrepreneurs with the appropriate knowledge, confidence and networks to successfully start and develop sustainable businesses.

Minister McConalogue said ***“2024 marks a decade of support from my Department for Female Rural Entrepreneurs. This initiative has supported over 400 women in rural Ireland over the last ten years. The programme aims to address the skills, enterprise and capability gaps that female entrepreneurs can face and takes into account the barriers which often limit entrepreneurial activity in rural areas. I am delighted that once again we can target this area and help Female Rural Entrepreneurs to realise their dreams of starting and growing successful businesses.”***
